<b>Event Description</b>	The objective of the webinar is to create a constructive dialogue on the findings of the OECD report " <a href="#">What Students Learn Matters. Towards a 21st Century Curriculum</a> " and its implications for addressing curriculum transformations in the post pandemic era. The focus will be on the context of developing countries and will include reflections from OECD Education Director (Mr. Andreas Schleicher) and IBE-UNESCO Director (Mr. Yao Ydo), as well as a panel of teachers and learners on their perspectives and experiences on these new curriculum demands.
